

CROSS-REFERENCE INDEX

This index enables the reader to pass directly from any paragraph of *Collected Papers* I-VIII to the place or places in the chronologically arranged bibliography where the paragraph is listed. In those cases where several items of different dates have been grouped together in the bibliography under one date, the dates appropriate to the particular items, not including revisions, are given in parentheses. Hence, the present index serves the auxiliary purpose of enabling a reader to determine the date assigned to a paragraph of *Collected Papers* I-VIII without further effort. It should be noted that sometimes a footnote and the paragraph to which it is attached have different bibliography references, e.g., [CP] 3.200 and 3.200n*.
