been intimately connected with Life Assurance & elected some time since an Associate of the Institute of Actuaries of G^t Brit. I have given a good deal of time & attention to that subject in connexion with Co-operation & hope at some not very distant time to embody in a workable form some important modifications in existing systems of Assurance.

Our annual Balance Sheet will be published in two or three weeks & I shall have much pleasure in sending you a copy; should any other document which I think from your Enquiries would be of interest or service fall into my hands I will furnish you with copies.

I trust you had a pleasant voyage home which I hope you reached safely with no less pleasant memories of your visit to Europe.

I have the honor to be

Dear Madam

Yours faithfully
